

Digital Movie Maker

Complete the five steps to earn your Digital Movie Maker Badge.

1. **Learn digital video basics:** Check out this [video](#) to learn more about digital movie basics!
2. **Film. Then film some more:** Practice filming short clips to get a feel for how easy or challenging it will be to film your very own video. You can always ask family and friends to help you as you learn to hone your skills.
3. **Pick the perfect subject:** For any movie or short film it's important to pick a subject or topic that will interest people. Brainstorm a subject or topic that you are passionate about and then write a short script for your film.

Remember you will also need a narrator or actors to play your characters so be sure to check with family and friends to see who might be ready for their acting debut!

4. **Action:** And action!!! It's time to film your final cut. Make sure you have all your characters, backgrounds, lighting, and filming device ready to go!
5. **Edit and premiere your movie:** Learn all about editing basics in this interactive [video](#) and then get ready to edit and premiere your very own film!
