**Be the CEO of You:
Team Effort**

Entrepreneurs know teamwork is one of the most powerful tools for creating a business. How do you get the most out of a group of people? As the leader, you want to empower them so they will support you.

- Find team members who share your passion and vision.
- Give the team clear direction and goals for every meeting.
- Have a “we” instead of “me” approach: Respect each team member and be open to all ideas.
- Make sure to have some fun at your meetings too! Laughter can be a bonding tool.
