

Cybersecurity Investigator 2

Tabletop Discussion Cards

<p>Do you think it's okay for a city or country to "hack back" if they are attacked?</p>	<p>What role do you think the government should have in regulating the Internet and/or protecting citizens' privacy online?</p>
<p>Can you ever truly be anonymous online? Why or why not?</p>	<p>What consequences do you think there should be for hackers?</p>
<p>Do you think that government agencies should be able to read your emails?</p>
