Cyber Scramble ID cards: Give each girl one set of 10 ID cards to start the game.

ID Card

## DRIVER'S LICENSE NUMBER

Whoever has the most ID cards at the end of the game is the winner.

ID Card

## CREDIT CARD NUMBER

Whoever has the most ID cards at the end of the game is the winner.

Protection Card

## STRONG PASSWORD

Keep this in your hand until needed. Play it when you are attacked to keep ONE of your ID cards from being discarded.

Protection Card

## BACK UP YOUR DATA

Keep this in your hand until needed. Play it the next time you must discard ID cards, to retrieve one card from the bottom of the discard pile.

Protection Card

## ANTI-VIRUS SOFTWARE

Keep this in your hand until needed. Play it when you draw an attack card to keep up to TWO of your ID cards from being discarded.

Protection Card

## BACK UP YOUR DATA

Keep this in your hand until needed. Play it the next time you must discard ID cards, to retrieve one card from the bottom of the discard pile.

Protection Card

## ANTI-VIRUS SOFTWARE

Keep this in your hand until needed. Play it when you draw an attack card to keep up to TWO of your ID cards from being discarded.

Protection Card

## SOFTWARE UPDATE

Keep this in your hand until needed. When played, this will protect up to two different identity cards from being stolen, whether they are yours or not.

Protection Card

## POP-UP BLOCKER

Keep this in your hand until needed. The next time you are attacked, your cards stay safe, and the person to your right becomes the victim of that attack instead.

Protection Card

## DON'T CLICK THE LINK!

Keep this in your hand until needed. When played, it will protect one of your identity cards from being discarded

Attack Card

# PHISHING

*When a hacker sends an email that contains bad links, harmful attachments, or requests for money*

Discard one ID card into the dark web.

Attack Card
