

## Think Like an Engineer Journey

### Glossary for Daisies

Daisies may not know some of the words used on this Journey. Here are definitions you can share with them:

**Brainstorming** is what happens when you and your troop get together to come up with ideas.

**Conflict** is when people argue or don't agree about something.

**Engineers** are people who like to know how things work. They design and build things people use every day, like computers, phones, roads, bridges and cars.

A **prototype** is a sample when you want to show someone your idea. It could be a drawing or something you make to show what your idea looks like.
