

Global Goals Paper Chains

Instructions for educators

1. Familiarise students with the Global Goals ([Here](#) is a 30 minute Global Goals introductory lesson plan).
2. Invite students to identify the goal they feel most strongly about.
3. Brainstorm with students the different actions they could make to realise their chosen goal.
4. Ask students to cut out their paper chain.
5. On the back of the chain, students write their aim for their chosen goal.
 - a. E.g My aim for Goal 14 is to refuse to drink with a plastic straw.
6. Stick all the chains together to create a whole class or school Global Goals paper chain.
7. Be sure to share your stories and photos with us! Twitter @TheWorldsLesson, Facebook The World's Largest Lesson, Instagram @TheWorldsLesson or email us: lesson@project-everyone.org

Note: Once made each paper chain is 10cm long – 17 paper chains will make 1.7m of chain.
