

## Eco Camper

# Activity Choice Descriptions

Walk your girls through the activity choices and let them decide which ones they like best.

## MEETING 2 ACTIVITY CHOICES

### Prepare a Minimal Impact Campsite

**Set Up a Campsite Kitchen and Wash Area:** Make animal-proof areas to store and prepare meals and clean up!

**Set Up a Sleeping Area:** Learn how to find a safe sleeping area and how to prepare it so it's comfortable, even in bad weather!

**Set Up a Campfire Area:** Find out what it takes to build a campfire in an area that is both legal and safe for you and nature.

### Have Fun with Leave No Trace

**Play a Leave No Trace Game:** Play or invent a game about the Leave No Trace Seven Principles!

**Perform a Leave No Trace Skit:** Come up with a fun skit to show the seven principles to family and friends.

**Secure Your Dunk Line:** A dunk line holds the dunk bag—the bag for your clothes or dishes. Use your knot-tying skills to secure a dunk line for a wash station.

### Take a Conservation Hike

**Spot Natural Habitat in Your Campsite Area:** Make a list of the local plants, insects, water sources, and wildlife in the area you want to go camping.

**Record Wildlife:** Feature the sights and sounds of nature in a song, picture, or story. Come up with a way to share what you've created with others.

**Come Up with a Conservation Plan:** Come up with ways to improve campsites and the environment in the places where you go camping.
