

Kind Words

The words we use can make others feel good. Sometimes, they can also hurt. Read each sentence below. Circle the sentences that say something kind. Can you think of others?

Your smile makes me happy.

Thank you!

You're a good friend.

Your drawing is ugly.

That's my toy. Don't touch it.

Would you like to do this puzzle with me?

That was a brave thing to do.

You're the worst!

That's so dumb.

Go away!

Talk about your answers with your Daisy friends. There are kind and unkind ways of saying the same message. It is unkind to say "Go away," but it would be kinder to say, "I need some alone time." Pick an unkind phrase above. Then find a way to say the same thing in a kinder way.
