

Knot-Tying Relay

Divide into teams. Each team gets two pieces of cord. Each team member in turn selects a piece of paper with the name of a knot written on it from a bag. The first person pulls out the name of a type of knot, ties it, and passes the cord and bag to the second person. That person unties the knot, picks out the name of another knot, and ties that knot. The game continues until each team member has tied a knot correctly.
