

## Cybersecurity Safeguards 2

# Smart Home Catalog

Put a heart next to any devices that you would like to have in your home someday.

- \_\_\_\_\_ **Coffee table:** Contains a screen on the tabletop, which you can use to browse the internet
- \_\_\_\_\_ **Television:** Browse the internet and watch online videos or movies from various subscription services
- \_\_\_\_\_ **Refrigerator:** You can adjust the temperatures on various compartments so that they can become refrigerators or freezers with the touch of a button. The smart fridge will also display your family's calendar, shopping list, reminders, and/or family photos.
- \_\_\_\_\_ **Thermostat:** Adjust the temperature of your house remotely, and set up customized temperature settings for when you're at home and away
- \_\_\_\_\_ **Curtains:** Automate your curtains so that they open and close at pre-set times
- \_\_\_\_\_ **Door locks and doorbells:** Open your doors with a code or a touch screen instead of a key! You can also install a video doorbells so that you can safely see who is at the door.
- \_\_\_\_\_ **Faucets:** Preset the temperature of your shower, or start running your bathwater while you're still in the kitchen.
- \_\_\_\_\_ **Security system:** Security alarms and cameras can be controlled remotely, so that you can always see what's happening in your home when you are away
- \_\_\_\_\_ **Lights:** Control the brightness and colors of the lights throughout your home
- \_\_\_\_\_ **Voice assistant:** A voice-controlled device that you can use to play music in your home, set up reminders, ask questions, and/or order products
- \_\_\_\_\_ **Robot vacuum and/or mop:** Connects to your phone or virtual assistant to ensure your floors stay clean
- \_\_\_\_\_ **Coffee maker:** Allows you to brew the perfect cup of coffee before you've even gotten out of bed yet and sends notifications when you need to buy more coffee beans
- \_\_\_\_\_ **Self-cleaning litter box:** Save yourself trouble by programming the litter box to clean itself however often you need!
- \_\_\_\_\_ **Dash buttons:** Small WiFi-connected devices that reorder your favorite products (e.g. detergent) with the push of a button
