Cybersecurity Investigator 2
Tabletop Discussion Cards

Have you heard about any big cybersecurity stories in the news lately? (For example: data breaches, identity theft, hacking)	**If you could ask a hacker one question, what would it be?**
What kinds of data do companies have to protect? What about hospitals? Schools?	**What responsibility do you think organizations and corporations have to disclose cyber attacks against them?**
How concerned do you think companies should be about cyber attacks?
