# Sing in the Shower Like Cousin Cloudberry

Cousin Cloudberry loves singing in the shower. To save water, she sings a short-shower tune. You can, too. Here's how:

Time how long it takes you to sing your favorite song. Then choose a water-saving length for your shower, and sing for just that amount of time. For example, Cousin Cloudberry loves the Brownie Smile Song. It takes her one minute to sing, and she wants to take a three minute shower. So she sings the song three times, then turns off the water!
