

## Cadette Snow or Climbing Adventure

### Words to Know: Cadette Slope Sliding

- **Binding:** Device that attaches your boot to the ski or snowboard
- **Bunny slope:** A slope with a gradual decline, great for beginners to practice on
- **Carve/edge:** Digging the edge of the snowboard or ski into the snow in order to turn
- **Magic carpet:** Conveyor belt-style of lift used on beginner ski areas to get skiers/snowboarders back to the top of the hill
- **Moguls:** Mounds or bumps of snow along the run
- **Powder:** Refers to the snow during or after a snowfall
- **Ratings:** Colors and symbols used to explain ski/snowboard runs
- **Run:** Trail or designated path on the side of a mountain for skiing/snowboarding
- **Ski chair lift:** A series of chairs connected by cables and towers that take skiers and snowboards up the mountain to the top of the run
