

## Pizza Box Solar Cooker

Solar cooking is slow cooking. Be prepared to leave your food in for a while!

## You will need:

- Cardboard pizza box
- Plastic wrap
- Scissors

- Aluminum foil
- Clear tape
- Black construction paper
- Newspapers
- Wooden spoon

Junior

- Have an adult help you cut along three sides to make a flap in the lid of the pizza box.
- **2** Cover the inside of the flap with aluminum foil.
- In the box opening where you cut the flap out of, wrap plastic sheets around it so it looks like a window.
- Inside the box, tape black construction paper along the bottom. Roll up sheet of newspaper to create a border around the cooking area.

- 5 Take your solar pizza box over to a sunny spot.
- O Use the wooden spoon to prop open the flap at an angle so it faces direct sunlight.
- Ouse mittens or a towel when you lift your dish out of your solar cooker.
