Growing With Girl Scouts

A life-long leadership journey

The Girl Scout Leadership Experience

Our one-of-a-kind adventures inspire every girl to try new things and take smart risks. We help her learn that she has everything it takes to solve her own challenges, now and later. At home, at school, and in Girl Scouts, don't be surprised when she speaks up to say, "I've got this!"

- The Girl Scout Leadership Experience is designed to be **girl-led**. Decision making, teamwork, and communication are essential elements to developing strong leaders.
- We encourage girls to **learn by doing**. We ask them to take risks—try it out and see how it works.
- Through the Girl Scouts **cooperative learning experience**, girls work together to discover, connect, and take action in their community.

The Girl Scout Leadership Experience focuses on benefiting girls through 5 important outcomes:
Sense of Self • Positive Values • Challenge Seeking • Community Problem Solving • Healthy Relationships

The Girl's Guide to Girl Scouting is a colorful, easy-to-use binder for girls at each age level. They compliment Journeys with skill-building badge activities that feature traditional and beloved topics including nature, art, and first aid, as well as many current interests of girls.

National Leadership Journeys are a series of age specific books at the core of the Girl Scout Leadership Experience. Through Journeys, girls build leadership skills and confidence as they gain new skills and widen their view of the world. Girls can choose to experience a Journey at any time, and for any length of time, throughout the Girl Scout year. Journeys also give girls a chance to continue a long-standing Girl Scout tradition: earning leadership awards.

Take Action Projects are planned and implemented by girls to benefit local or regional communities. Troops use their creativity with appropriate guidance and mentoring from adults, to determine needs in their area and create long-lasting change.

Trips, Events, Series Opportunities & Camp are all part of the Girl Scout Leadership Experience. Troops or individuals can take part in one-time events or a series of events based on a theme. Girls also plan field trips, weekends at camp, overnight trips, and even trips abroad. Older girls' troops may retain troop proceeds from product programs over a period of several years to plan a trip anywhere they desire to go!

Badge Vs. Patch: What's the difference?

Patches,

sometimes called fun patches, are emblems signifying participation in a Girl Scout activity. Patches are placed on the back of the sash or vest. Think of it as a scrapbook of her Girl Scout experience.

Badges

are official symbols that indicate an increase in knowledge or skill in a particular subject. Badges can be earned at every age level through the National Program Portfolio. Badges are placed on the front of the sash or vest.

Unleash your inner **G.I.R.L.**!

While some people still think of us as just cookies, badges, campfires, and friendship bracelets, Girl Scouts are so much more. Girl Scouts are groundbreakers, big thinkers, and role models. Girl Scouts design robots, start garage bands, and improve their communities—and yes, they sell the best cookies on the planet. When you're a Girl Scout, you're also a **G.I.R.L.** (**Go-getter**, **Innovator**, **Risk-taker**, **Leader**)™.

You have the grit of a GO-GETTER. You don't just dream it, you do it. You know what is required to achieve your goals and nothing will stop you from getting right back up—again and again.
